Green Apple Peel

Alpha hydroxy acids from organic fruits provide the exfoliating action in Juice Beauty's Green Apple Peel. Formulated with peptides, alpha lipoic acid, and coenzyme Q10, these peels—designed for weekly use—are free of parabens and petroleum. Sensitive or full-strength formulas are available in 0.25-ounce "Try Me" sizes (\$4.75 and \$8, respectively) or 2-ounce jars (\$39) from 415-457-4600, ext. 221, or www.juicebeauty.com.

Exfoliating Gel

From Ellesca's Mediterranean collection comes this nonabrasive exfoliating gel (with a suggested retail of \$19.50 for 8.4-fluid ounces) in four fragrances blended to suit your mood. Choose from Sensual, Renew, Relax, and Energy scents—crafted using only essential oils and natural botanicals—to soften your skin without scratching it. Call 888-565-0666 or visit www.ellesca.com to create a wholesale account.

Goat's Milk Lip Balm

Canus brings one of nature's most nourishing skin care ingredients to its moisturizing lip balm. Made from fresh goat's milk sourced from a cooperative of family farms, the spearmint-scented balm's rich proteins and vitamins are absorbed easily by chapped, chafed, or wind-burned lips. Available with or without SPF 15 in 0.15-ounce tubes for \$2; visit www.canusgoatsmilk.com to locate a retailer or call 802-244-4628 for wholesale information.
